The Atlantic opens with a quaint characteristic essay on "Walking" by the late Henry Thoreau, whose recent decease imparts an additional interest to every production of his unique pen. "The Health of our Girls" is the title of one of those hygienic articles which have attracted favorable notice for the sound common sense of their statements, and the racy vigor and originality of their style. Miss Harriet E. Present contributes a critical and biographical sketch of a writer known by her works to many riet E. Prescott contributes a critical and biographi-cal sketch of a writer known by her works to many American readers, but whose name has hitherto been carefully concealed from all. Miss Emily Sheppard, the author of "Charles Auchester," "Counterparts," the wounded volunteers, will be given by the pupils and others of a very remarkable series of books, died of the Cooper Union Music Class, at the Cooper Inand others of a very remarkable series of books, died last mouth in London. Singularly enough, none of the London journals have noticed her death. Miss Gronge F. Bristow, Conductor. The Concert Proscott's paper contained the first public announcement of her name, as of her death. Mr. R. Frothing large audience and gave general satisfaction. The ham furnishes a valuable historical sketch of the "Sam Adams Regiments of the Town of Boston" prior to the breaking out of hostilities in the Revolutionary war, embodying the results of careful orig-inal research. "The Horrers of San Domingo," by Mr. John Weiss, commences the most complete his Meers. Thomas White, Jos. A. Johnson, F. Eben; tory of the Haytian tragedy which has yet appeared in English. "Solid Operations in Virginia," by the Rev. E. E. Hale, challenges attention by its interesting historical reminiscences, and its sugacious pretions of a high order by Miss Carey, Rose Terry, G. F. Tuckerman, and J. G. Whittier.

The Continental for June announces that it has past its experimental ordeal and stands firmly established in popular regard. Though fearlessly advocating the doctrine of ultimate and gradual ters.
